

# | TOWARDS PRECISION MEDICINE: PROGRESS IN CYSTIC FIBROSIS |

## PROGRAM FOR INDIVIDUALIZED CYSTIC FIBROSIS THERAPY

SickKids®

## 2016 Meeting

**Date:** November 23rd, 2016  
**Time:** Registration & Breakfast -  
8:00-9:00 am PGCR L 3<sup>rd</sup> floor  
Symposium -  
9:00-12:00pm  
**Location:** Robert B. Salter Auditorium,  
PGCR L, The Hospital for  
Sick Children, Toronto, Canada

The Program will be holding a half-day meeting to discuss the progress towards **Personalized Medicine in CF**.

The exciting schedule of short talks includes:

**Dr. John Hanrahan**, McGill University (Canada)

**Dr. Marcus Mall**, Heidelberg University (Germany)

**Dr. Ann Harris**, Northwestern University (USA)

**Dr. Stuart Turvey**, University of British Columbia (Canada)

We hope you will join us for a morning of discussions on **the personalization of medicine and the treatment of Cystic Fibrosis**.

**Registration deadline: November 9, 2016**

A **Cystic Fibrosis Canada** and **Sick Kids** collaboration for the creation of a nationally accessible resource that will accelerate the development of precision medicine for the treatment of each individual living with CF.
