

Seminar Series of the
CIHR Training Grant in
**Protein Folding and
Interaction Dynamics**

Prof. Nikolay V. Dokholyan

Associate Director, Program in Molecular and Cellular
Biophysics and Director, Center for Computational
and Systems Biology, Department of Biochemistry and
Biophysics, University of North Carolina at Chapel Hill
Genetics Medicine

**Controlling
allosteric networks
in proteins**

Host: Dr. Avi ChakraBartty

Thursday, October 10 - 12:00pm
Medical Sciences Building, Rm. 4171
University of Toronto
