

George Connell, Chair

# George Connell Lecture Series

Faculty  
of  
Medicine

University  
of  
Toronto

## **Repetitive DNA and genome stability: From spatial genome organization to RNA-DNA hybrid regulation**

**Dr. Karim Mekhail, Ph.D.**

Assistant Professor & Canada Research Chair in  
Spatial Genome Organization, Department of  
Laboratory Medicine & Pathobiology, Faculty of  
Medicine, University of Toronto

Wednesday, December 3, 2014 - 4:00pm  
MSB 2172

*Host: Dr. Alex Palazzo*

**Department of Biochemistry**
