

The background image is a black and white photograph of the Princess Margaret Hospital/Hôpital building. The building features a grand classical facade with a large pediment supported by columns. In the center of the pediment is a decorative crest. Below the pediment, a stone inscription reads "PRINCESS MARGARET HOSPITAL/HÔPITAL". To the left of the central entrance, another inscription says "ERECTED", and to the right, it says "A.D. 1915".

Princess Margaret Seminar Series

*“Combining Multiple Types of Genomics Data
to Understand Complex Human Traits”*
