

The background image shows the classical facade of the Princess Margaret Hospital. It features a prominent pediment with a central crest and two large columns on either side. The text 'ERECTED' is visible on the left column and 'A.D. 1915' on the right. The main entrance is flanked by two large columns, and the text 'PRINCESS MARGARET HOSPITAL/HÔPITAL' is inscribed on the wall below the pediment.

Princess Margaret Special Seminar

*NMR-guided discovery of allosteric inhibitors of
cancer-relevant targets*
